Dear Graduates of the Class of 2022,

On behalf of the Union County School District, I would like to congratulate you on your graduation. As you look back over the many years it took to get to this point, realize that you have earned this accomplishment through the dedication and hard work you invested throughout the journey. You should be proud of this moment as you begin the next phase of life and apply the lessons you have learned over the past many years. Thank you for all you have done and the impact you have made at UCHS and the legacy you have helped extend. The achievements you have earned individually and with others in the classroom and through extracurricular activities will serve as a pathway for others to follow. The impact you have made on this community continues to be a source of pride we all share and celebrate with you. Our community believes in you demonstrated each year by its unyielding support.

During this time of celebration, remember to take a moment to thank those who have been there to support you throughout your journey. Your family has been there since the first day loving and caring for you and providing the support you needed to become the young man or woman you are today. Your friends and church families have also been instrumental in providing guidance and being there for you. Finally, don't forget to thank your teachers, coaches, and advisors for all of the help, mentoring, and support they have given you. As time moves on you will realize the lessons they were trying to instill in you but didn't quite make sense at the time. Take time to tell them thank you and remember what you learned from them.

After the lights and sounds of graduation fade and you transition to the next chapter of life, remember that this is only the beginning. You have spent the last thirteen years preparing for the final exam called life. What you do and where you go with the opportunities that are placed before you will determine your level of success in this world. Success will look different for each of you but as long as you focus on your faith, family, and friends, you will find success. Don't forget the journey you have already accomplished as you follow the pathway before you. No matter where you go from here, remember that here is where you began. Union County loves you and is proud of you. Congratulations to you and to your family. GO TIGERS!!!

Sincerely,

Mike Ripplinger
Superintendent of Schools for Union County
